

Ian Sidman

Viral & Growth Marketer

Hawthorne, CA 90250

iansidman@gmail.com

+18058073320

Professional Summary

Growth Marketer with expertise in content creation and early-stage startup growth. My work has generated 650M organic shortform views and has built me a personal following of 60k on TikTok. I have grown 23K followers in 7 days through engineered virality and I have launched multiple ecommerce stores that have hit 4 figures in daily revenue.

My best short-form video produced \$16,000 in sales for an AI Consumer App.

I am experienced in startup strategy, full creative production (ideas, editing, filming, posting, monetization infrastructure), and consumer behavior.

My work ethic is intense and goal-oriented (including achieving the USA bench press national record). I thrive in fast-paced environments with important problems to solve.

My current fixation is on the overlap of viral videos and commerce, and the power of brand storytelling.

Willing to relocate: Anywhere

Work Experience

Growth Intern Piñata Farms AI- Culver

City, CA December 2025 to Present

(Full-Time)

Pinata Farms is an AI Consumer App that makes it easy to create funny AI Videos.

I was their 7th organic marketing intern after a series of poor results.

- I was behind [the fake news pranks on TikTok](#).
- Saw an emerging trend on TikTok, built our app around it, and funneled customers to our app by ranking #1 on TikTok search and in TikTok comments. 6,000 downloads in 3 days of launch. 17,000 downloads in the first month via TikTok. (GTM)
- Engineered the same strategy to target different demographics. Got an 800k view video with Gen X that converted at 0.67% and 4% (dependent on fyp traffic or search traffic).
- Fully mapped out the highest revenue organic funnel to identify & remove constraints.
- Created 5x repeatable viral formats that converted at varying percentages (highest is 4%).
- Took their existing “ai videos” feature from 0 to 11.5M organic views on TikTok in 5 days.
- Used Claude to automate comment hacking new videos to point people to our app.
- Built organic strategy to over 412 million views and 60,000 downloads.
- Used MixPanel Analytics & App Store Connect to attribute revenue from various campaigns.
- Built & killed many vanity metrics because they didn’t lead to revenue (including 30 million views a month on various platforms, and multiple teams in the NFL, NBA, and NHL using our sounds)

Organizer Charity Karaoke- Agoura Hills, CA August 2024 to Present
(Seasonal)

Charity Karaoke is a seasonal karaoke competition where 20 local charities compete to raise money for their causes.

I am responsible for building up awareness for the event, increasing donations & ticket sales, and helping organize where I can

- Packed Venue 2x Years In A Row
- Directed a team of creators, filmmakers, and actors to produce short-form content for the event
- Increase donations %25 through shareable social media content.
- Collaborated & built relationships with business owners and influencers
- Raised \$94,000 total

Content

Hype Ventures-Simi Valley, CA
December 2023 to Dec 2025
(Part-Time)

Hype ventures is a consumer products studio focused on creating and marketing viral products with over 1 billion views across all of their products.

I have been involved in doing various tasks for them as needed over the years.

- Lead shortform content strategy for a new product
- Helped ship orders, move and setup equipment, organize, and fix broken products
- Was offered content manager role

Tons of amazing learning from a company that's crushing it. (founder is a mentor)

My time here has been a gift

Founder

SocialLab-Thousand Oaks, CA
January 2022 to December 2025
(Part-Time)

A consulting company where I worked with various personal brands, nonprofits, and businesses to help them get results with shortform content

- Worked with several creators between 0-1.2M followers
- Filmed & edited videos, launched online products, coordinated viral videos that pulled millions of views.
- Able to get visible results (100k view videos) for multiple businesses after one strategy call.
- Built MVP & team of 7 in college to create AI for viral videos (killed & pivoted)
- 50 million view marketing angle for a client.
- Launched 2 4 figure daily revenue ecom stores, achieved 9% conversion rate

Social Media Manager Conejo

Awards-Westlake Village, CA June

2024 to August 2025 (Part-Time)

Conejo Awards is a one stop shop for businesses to print custom products, awards, or anything they need.

- Learned the brand and created shortform content that fit brand goals/identity.
- Filmed, edited, coordinated, and posted shortform content.
- Created a series that brought in ~150,000 shortform views monthly

Business Owner

Goofy Garments-Eugene, OR

December 2022 to April 2023

(Full-Time)

A clothing brand I started out of my college dorm

- Realized there was unmet demand for this and created the brand that was missing
- Built my own shopify website and got 2,500,000 shortform views on Instagram in 2 weeks. (GTM)
- Scaled to \$4k/mo profit in only 3 months via viral instagram content
- Kept customers engaged with creative community engagement strategies
- Outsourced production to a manufacturer
- 5,800,000 views, 282,000 shares, 193 new customers, & \$5,000 in sales from one short form video
- Over the span of 5 months: 15M views and \$22k in profit.

Content Creator

TikTok-Thousand Oaks, CA

December 2020 to December

2021(Part-Time)

A 60,000 follower personal blog where I posted about diabetes, health, fitness, and funny/relatable skits.

- Watched for trends & critiqued my content strategy until I found what worked.
- Learned from my own posting data diabetes related content reached the most viewers.
- Combined an existing trend, with the viral diabetes topic, and started [a trend of people 'quitting' their incurable illnesses \(100 million views\)](#).
- Gained 9,300,000 views & 23,200 followers in 7 days after finding the signal.
- Studied what people were watching & came up with multiple series that consistently got 100k-5M views.
- Got sponsored by Dexcom after getting their products over 8 million views.
- Accepted a few brand deals, it was hard for me to find products I believed in.
- 35 million views total

Retail Sales

Marshalls-Thousand Oaks,

CA January 2021 to May

2021(Part-Time)

Marshalls is a retail store that sells clothing and lifestyle products.

- Handled customer complaints, needs, and returns.
- Maintained cleaning standards during covid

- Rang up customers and upsold Marshalls credit cards
- Labeled, organized, and sorted inventory
- Set up displays for products
- Counted and documented incoming customers, handled suspicious customers
- Created an energetic and fun work environment for customers & employees

Education

Business Administration (College)

University of Oregon-Eugene, OR

August 2023 to June 2024

Currently taking a break

High school diploma

Westlake High School-Westlake Village, CA August

2018 to June 2022
